

# CPPFES2005 Demonstrate First Attack Firefighting Equipment

**CPPFES2005 Demonstrate First Attack Firefighting Equipment**

[START COURSE](#) [DETAILS](#)

## Overview

This online workbook is pre-course material only - you are still required to attend a practical session and successfully complete a practical assessment before you will be awarded a nationally recognised statement of attainment. Take your time and read each section carefully, it might help for you to take notes.

Make sure you answer all of the checkpoint review questions along the way. The results of this will be sent to your trainer as part of your course assessment.

## What you will learn

This course is designed to help you understand all of the elements required to Demonstrate First Attack Firefighting Equipment.

SECTION 1
1.1 INTRODUCTION

Lesson 1 of 36

## 1.1. Introduction

This course is based on the unit CPPFES2005 Demonstrate First Attack Firefighting Equipment.

You will learn about:

- Locating fires.
- Understanding the processes that contribute to fires.
- Fire emergency procedures.
- Identifying types of fires.
- Demonstrating and explaining how to select and use different types of firefighting equipment including:
  - Fire extinguishers.
  - Fire hose reels.
  - Fire blankets.

Lesson 4 of 36

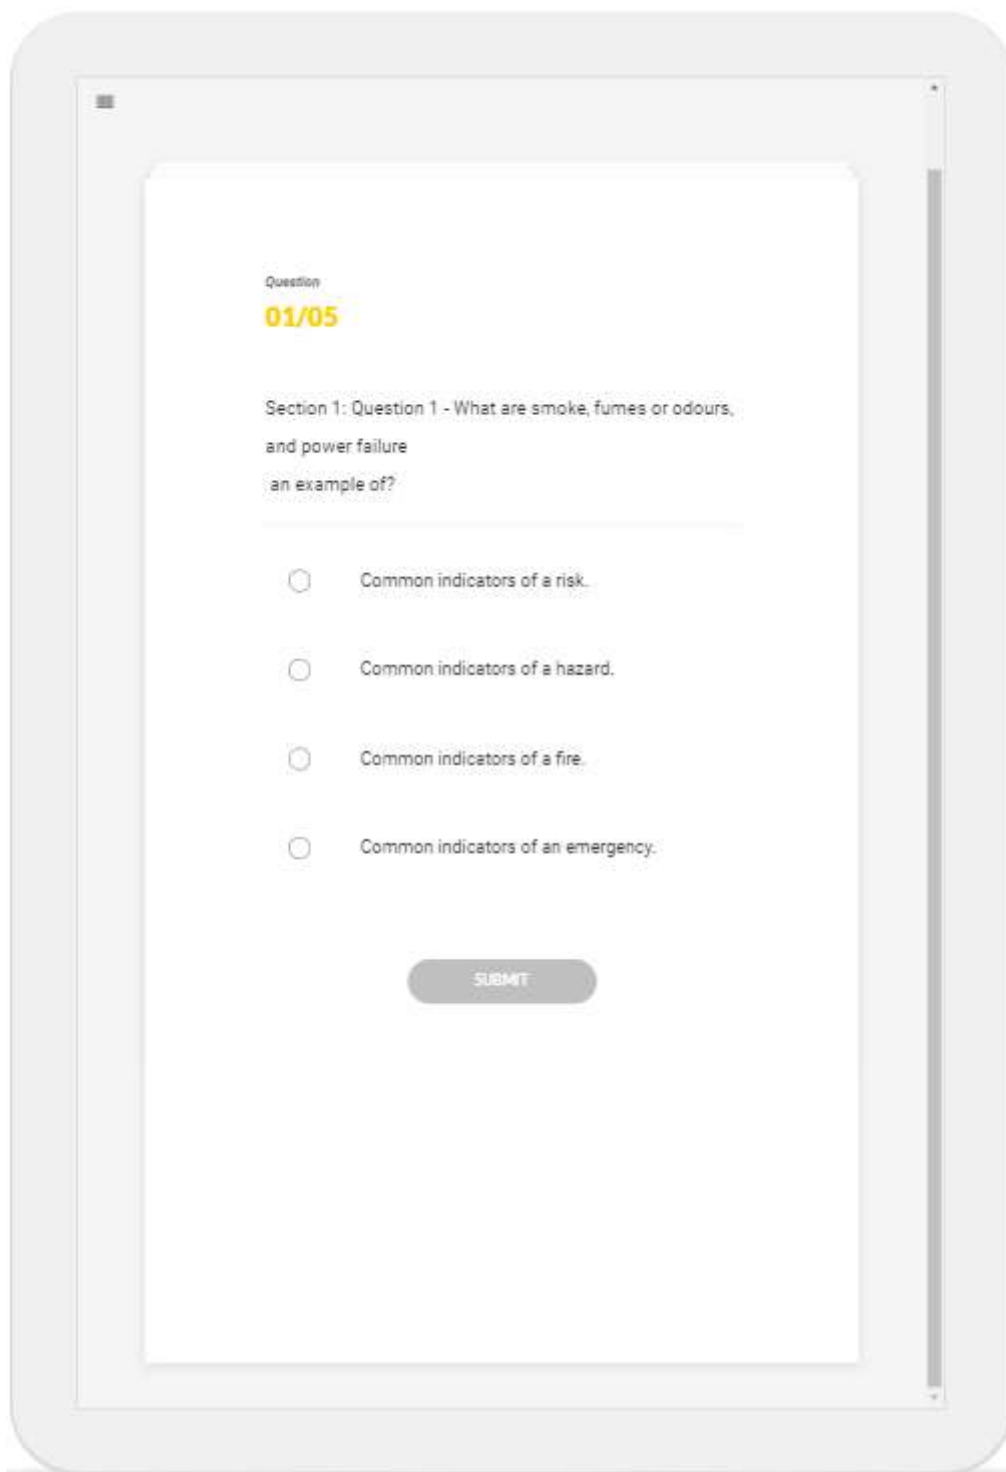

## 1.1.3 Emergency Fire Response Procedures

Work places will have their own emergency plans and procedures in place to deal with an outbreak of fire. These will be designed specifically around the characteristics of the workplace and the type of work conducted there.

Generally speaking, the key actions for dealing with fire emergencies are described with the acronym RACE:

Rescue	+
Activate Alarm	+
Confine Fire	+
Evacuate or Extinguish	+

Question

02/05

Section 1: Question 2 - Select three (3) ways that a fire can spread.

- Direct burning.
- Deliberately.
- Convection.
- Rapidly.
- Heat transfer.
- Radiation.
