

RIICPL303E Install Sewer Pipelines

RIICPL303E Install Sewer Pipelines

START COURSE

Overview

This online workbook is pre-course material only - you are still required to attend a practical session and successfully complete a practical assessment before you will be awarded a nationally recognised statement of attainment.

Take your time and read each section carefully, it might help for you to take notes.

Make sure you answer all of the checkpoint review questions along the way.

The results of this will be sent to your trainer as part of your course assessment.

What you will learn

This course is designed to help you understand all of the elements required to Install Sewer Pipelines.

SECTION 1

1.1 INTRODUCTION

1.1. Introduction

Lesson 1 of 102

1.1. Introduction

These materials are based on the national unit of competency RIICPL303E Install Sewer Pipelines.

You will learn about:

- Planning and preparing for sewer pipe installation.
- Setting out and excavating the work area.
- Installing the sewer pipeline.
- Testing the sewer pipeline.
- Cleaning up and clearing the work area.

Lesson 7 of 102

1.2.1 Health and Safety Rules

Every workplace has to follow laws and rules to keep everyone safe. There are four (4) main types:

Acts	+
Regulations	+
Codes of Practice	+
Australian Standards	+

Some states use OHS laws, and other states use WHS laws. They both talk about the same thing, but use different words or names for people. If you have any questions about safety rules you should talk to your boss or supervisor.

CONTINUE

The image shows a mobile application interface for a quiz. At the top left, there is a hamburger menu icon. Below it, the word "Question" is displayed in a small font, followed by the progress indicator "01/03" in a larger, bold, orange font. The main content area contains the text "Section 1: Question 1 - Select two (2) things that water reticulation systems may include." Below this text is a horizontal line. Underneath the line is a list of five options, each preceded by an unchecked checkbox. The options are: "The collection and distribution of untreated wastewater into drinking water supplies.", "Regional water source management and transfer.", "Water supply for parks and gardens.", "Urban drinking water supplies.", and "Un-recycled wastewater systems." At the bottom center of the form, there is a rounded rectangular button with the text "SUBMIT" in all caps.
