

# RIICRC301E Maintain Drainage Systems

## RIICRC301E Maintain Drainage Systems

[START COURSE](#) [DETAILS](#) ▾

### Overview

This online workbook is pre-course material only - you are still required to attend a practical session and successfully complete a practical assessment before you will be awarded a nationally recognised statement of attainment. Take your time and read each section carefully, it might help for you to take notes.

Make sure you answer all of the checkpoint review questions along the way. The results of this will be sent to your trainer as part of your course assessment.

### What you will learn

This course is designed to help you understand all of the elements required to Maintain Drainage Systems.

SECTION 1	
1.1 INTRODUCTION	
☰	1.1 Introduction <span>○</span>
☰	1.1.1 Types of Drainage Maintenance <span>○</span>

Lesson 1 of 84

## 1.1. Introduction

These materials are based on the national unit of competency RIICRC301E **Maintain Drainage Systems**.

You will learn about:

- Planning and preparing for work.
- Maintaining drainage systems and open drains.
- Excavating and repairing drainage systems.
- Inspecting, clearing and repairing culverts.
- Cleaning up and clearing the site.

Lesson 6 of 84

## 1.2.1 Health and Safety Rules

Every workplace has to follow laws and rules to keep everyone safe. There are four (4) main types:

Acts	+
Regulations	+
Codes of Practice	+
Australian Standards	+

Some states use OHS laws, and other states use WHS laws. They both talk about the same thing, but use different words or names for people. If you have any questions about safety rules you should talk to your boss or supervisor.
