

# RIIENV201E Identify and Assess Environmental and Heritage Concerns

**RIIENV201E Identify and Assess Environmental and Heritage Concerns**

[START COURSE](#)

## Overview

This online workbook is pre-course material only - you are still required to attend a practical session and successfully complete a practical assessment before you will be awarded a nationally recognised statement of attainment.

Take your time and read each section carefully, it might help for you to take notes.

Make sure you answer all of the checkpoint review questions along the way.

The results of this will be sent to your trainer as part of your course assessment.

## What you will learn

This course is designed to help you understand all of the elements required to Identify and Assess Environmental and Heritage Concerns

---

SECTION 1

---

1.1 INTRODUCTION

---

1.1. Introduction

Lesson 1 of 39

## 1.1. Introduction

---

This course is based on the unit of competency RIIENV201E **Identify and Assess Environmental and Heritage Concerns**.

You will learn about:

- Identifying site specific environmental and heritage protection procedures.
- Assessing and responding to environmental and heritage concerns.
- Complying with environmental and heritage protection requirements while you work.

Lesson 7 of 39

## 1.2.3 Work Health and Safety

Every workplace has to follow laws and rules to keep everyone safe. There are 4 main types:

Acts	+
Regulations	+
Codes of Practice	+
Australian Standards	+

Some states use OHS laws, and other states use WHS laws. They both talk about the same thing but use different words or names for people. If you have any questions about safety rules you should talk to your boss or supervisor.
