

# RIIERR205D Apply Initial Response First Aid

**RIIERR205D Apply Initial Response First Aid**

[START COURSE](#)

### Overview

This online workbook is pre-course material only - you are still required to attend a practical session and successfully complete a practical assessment before you will be awarded a nationally recognised statement of attainment.

Take your time and read each section carefully, it might help for you to take notes.

Make sure you answer all of the checkpoint review questions along the way.

The results of this will be sent to your trainer as part of your course assessment.

### What you will learn

This course is designed to help you understand all of the elements required to Apply Initial Response First Aid

SECTION 1

1.1 INTRODUCTION

1.1. Introduction

Lesson 1 of 88

## 1.1. Introduction

---

This course is based on the unit of competency **RIIERR205D Apply Initial Response First Aid**.

It covers the application of initial response first aid in situations within the mining industry where injuries need to be managed until help arrives.

You will learn about:

- Preparing for possible emergency situations.
- Assessing the situation.
- Applying first aid.
- Recording and reporting the situation.

This unit does not replace the need for you to be adequately qualified in first aid according to your workplace requirements. It may be used in conjunction with a formal first aid

## 1.3 Site Policies and Procedures

You must follow all safety rules and instructions when performing any work. If you are not sure about what you should do, ask your boss or supervisor. They will tell you what you need to do and how to do it in a safe way.

First aid operations documentation will help you to do your work in the safest way and make sure all work is compliant. It includes:

Site Details	+
Hazard Details	+
First Aid Details	+
Emergency Procedures	+
Equipment Requirements and Instructions	+
